Subject: RE: Update

Scott, please confirm that 12 individuals in category 4 aged out.

What happened to them? Did DHS pick them up?

Subject: Update
Importance: High

- We have two categories of separated kids: one from the beginning of the fiscal year, the other from May 6, the beginning of zero tolerance.
  - CBP chiefs started separations before the announcement of the zero policy and we noticed it and started tracking
  - As of June 18, we have received 1911 UACs from zero tolerance (May 6)
    - Of them, 114 were discharged

Separated UAC Discharged May 6th, 2018-June 17th, 2018 by Sponsor Category	
Sponsor Category	**Number of UAC**
Category 1	58
Category 2	34
Category 3	10
Category 4	12
Total	**114**

Category 1: parents
Cat 2: close relatives
Cat 3: distant relatives / unrelated adult
Cat 4: no sponsor (age outs, over 18)

  - We will have a complete list of both categories by midday
- Of ***all*** separated UACs, there are approximately 50 UACs where we have not been able to locate the parents yet
  - The field has received orders to make finding those parents the top priority and will do so by the end of the day
- Of the separated UACs, ~900 were unable to ***contact*** their parents as of Friday 6/16 because of trouble getting through to the parents.
  - We made ICE aware.
  - ICE has set up a parent / child coordinator for each detention center
  - The situation is much approved, but we will not have immediate specifics on how much better
  - Staff has received instructions to update immedately
