FRED UPTON, MICHIGAN
CHAIRMAN

HENRY A. WAXMAN, CALIFORNIA
RANKING MEMBER

ONE HUNDRED TWELFTH CONGRESS

Congress of the United States

House of Representatives

COMMITTEE ON ENERGY AND COMMERCE
2125 RAYBURN HOUSE OFFICE BUILDING
WASHINGTON, DC 20515–6115

Majority (202) 225–2927
Minority (202) 225–3641

February 3, 2012

Mr. Philip Falcone
Harbinger Capital Partners
450 Park Avenue, 30th Floor
New York, NY 10022

Dear Mr. Falcone:

The Energy and Commerce Committee and its Subcommittee on Communications and Technology have been closely following the work of the Federal Communications Commission and the National Telecommunications and Information Administration regarding the interference dispute between LightSquared and the Global Positioning System community. I understand that Senator Chuck Grassley has recently requested that you share documents with his office regarding the matter.

As Chairman of the subcommittee with jurisdiction over federal communications policy, I respectfully request that you submit to the Committee all communications, records, and other documents that you have provided to Senator Grassley's staff regarding LightSquared or Harbinger in this matter. I also request that, should you provide additional communications, records, or other documents on the matter to any Member of Congress in the future, you provide a copy to the Committee as well.

Please contact Committee staff to arrange delivery of the materials. If you have any questions, please do not hesitate to contact Mr. Neil Fried at (202) 225-2927.

Sincerely,

Greg Walden
Chairman
Subcommittee on Communications and Technology

cc: The Honorable Anna G. Eshoo, Ranking Member
