

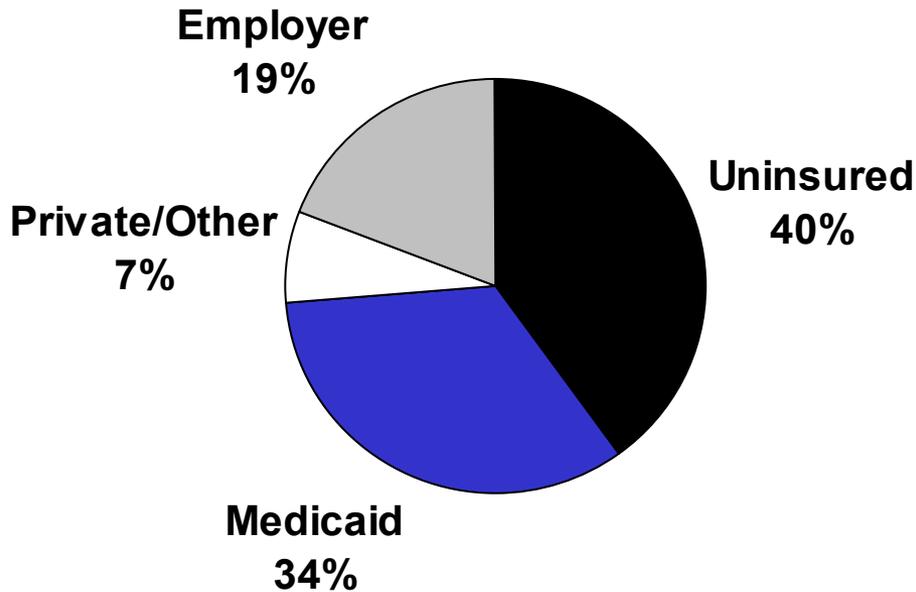

Figure 1

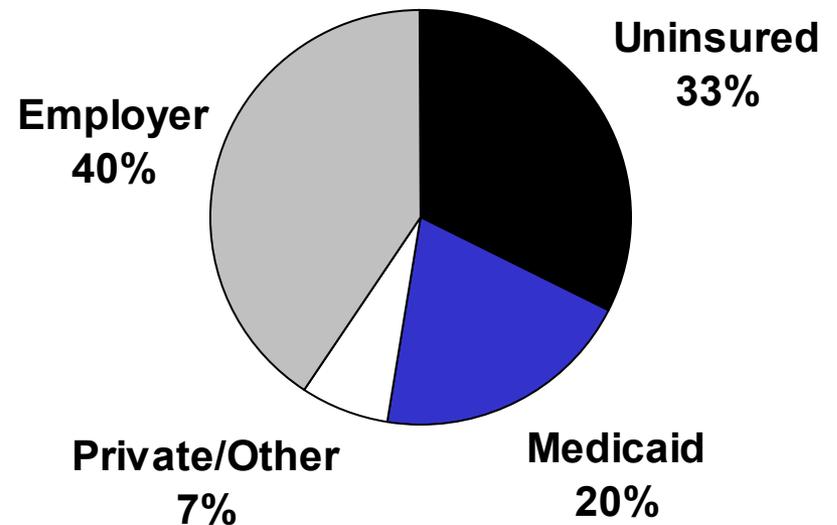

Health Insurance Coverage of Low-Income Parents, 2000

Poor Parents

Total = 7.3 million

Low-Income Parents

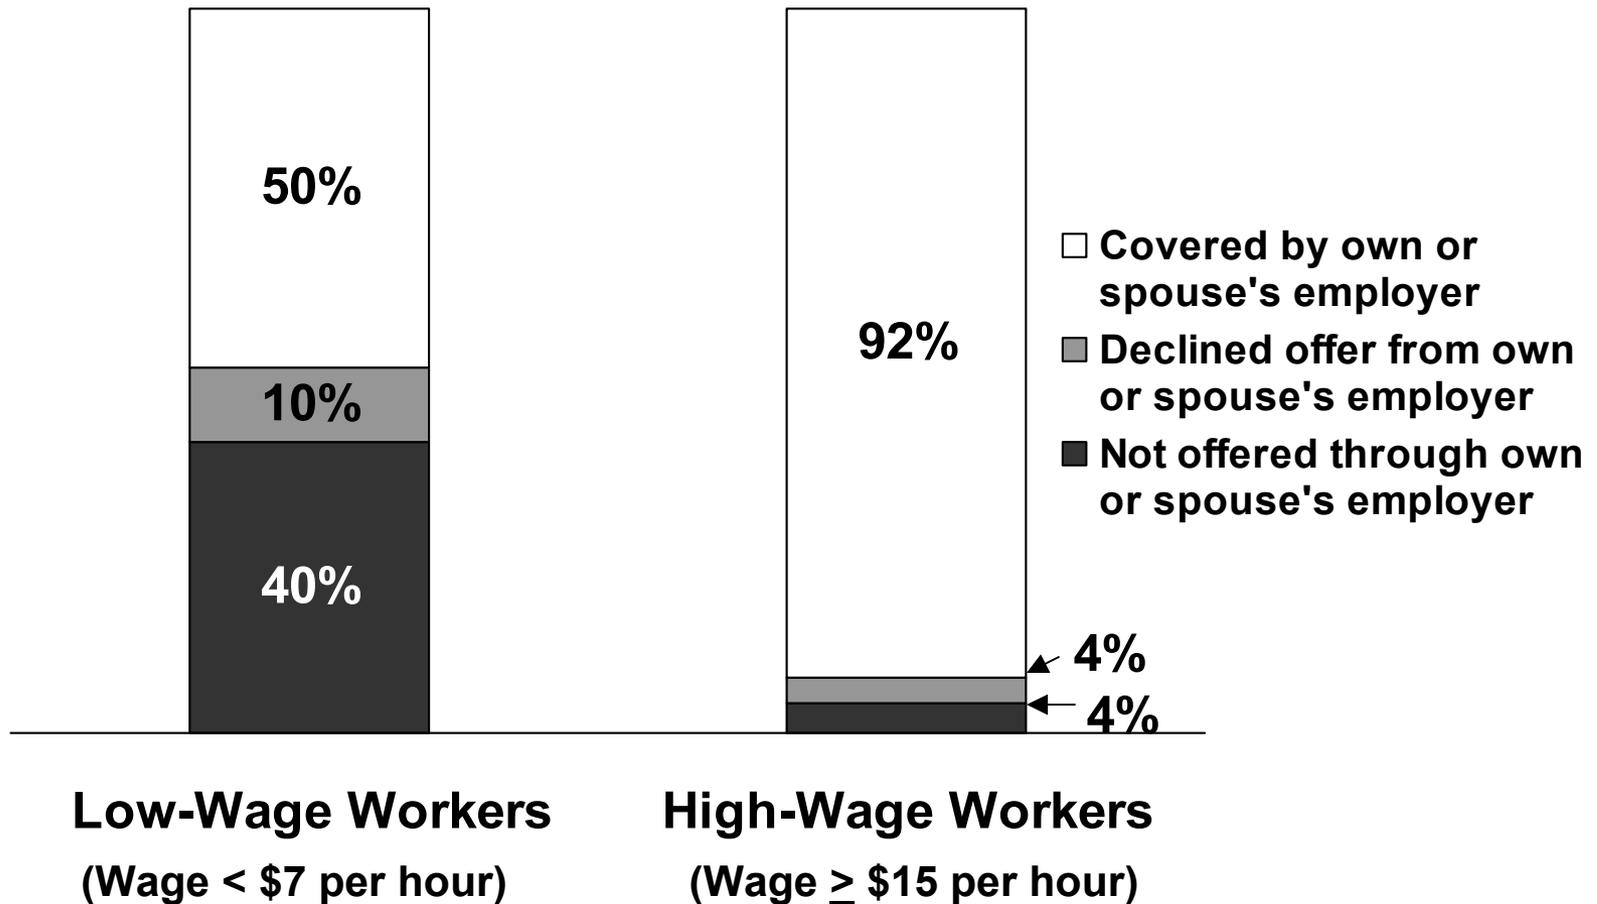

Total = 18.4 million

NOTE: Poor is defined as 100% of the federal poverty level and low-income includes those with incomes below 200% of the federal poverty line.

SOURCE: Urban Institute and Kaiser Commission on Medicaid and the Uninsured, analysis of March 2001 Current Population Survey, 2001.

Figure 2

Access to Employer-Based Coverage for Low and High Wage Families, 1998

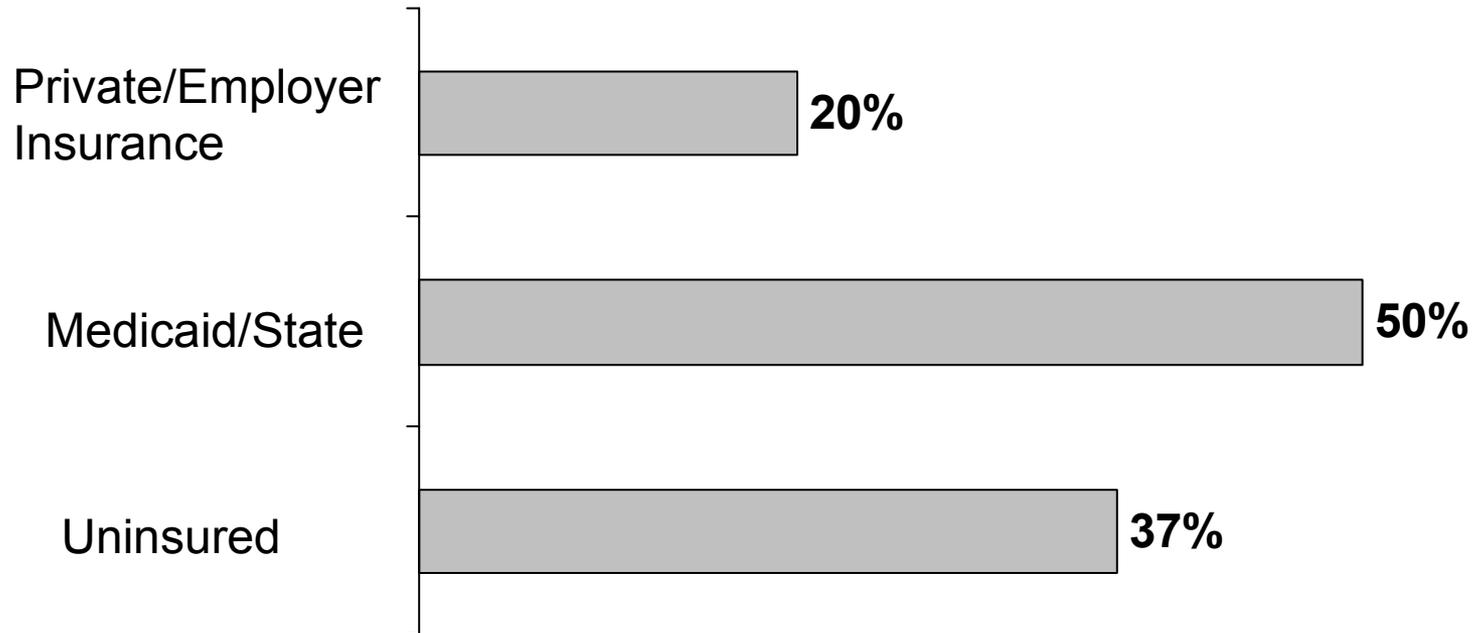

NOTE: Workers categorized by highest hourly wage in family.

SOURCE: B. Garrett, unpublished analysis based on Garrett, Nichols, and Greenman, Urban Institute, 2001.

Figure 4

Health Insurance Coverage of Parents Leaving Welfare Within One Year After Exit, 1999

Percent Reporting:

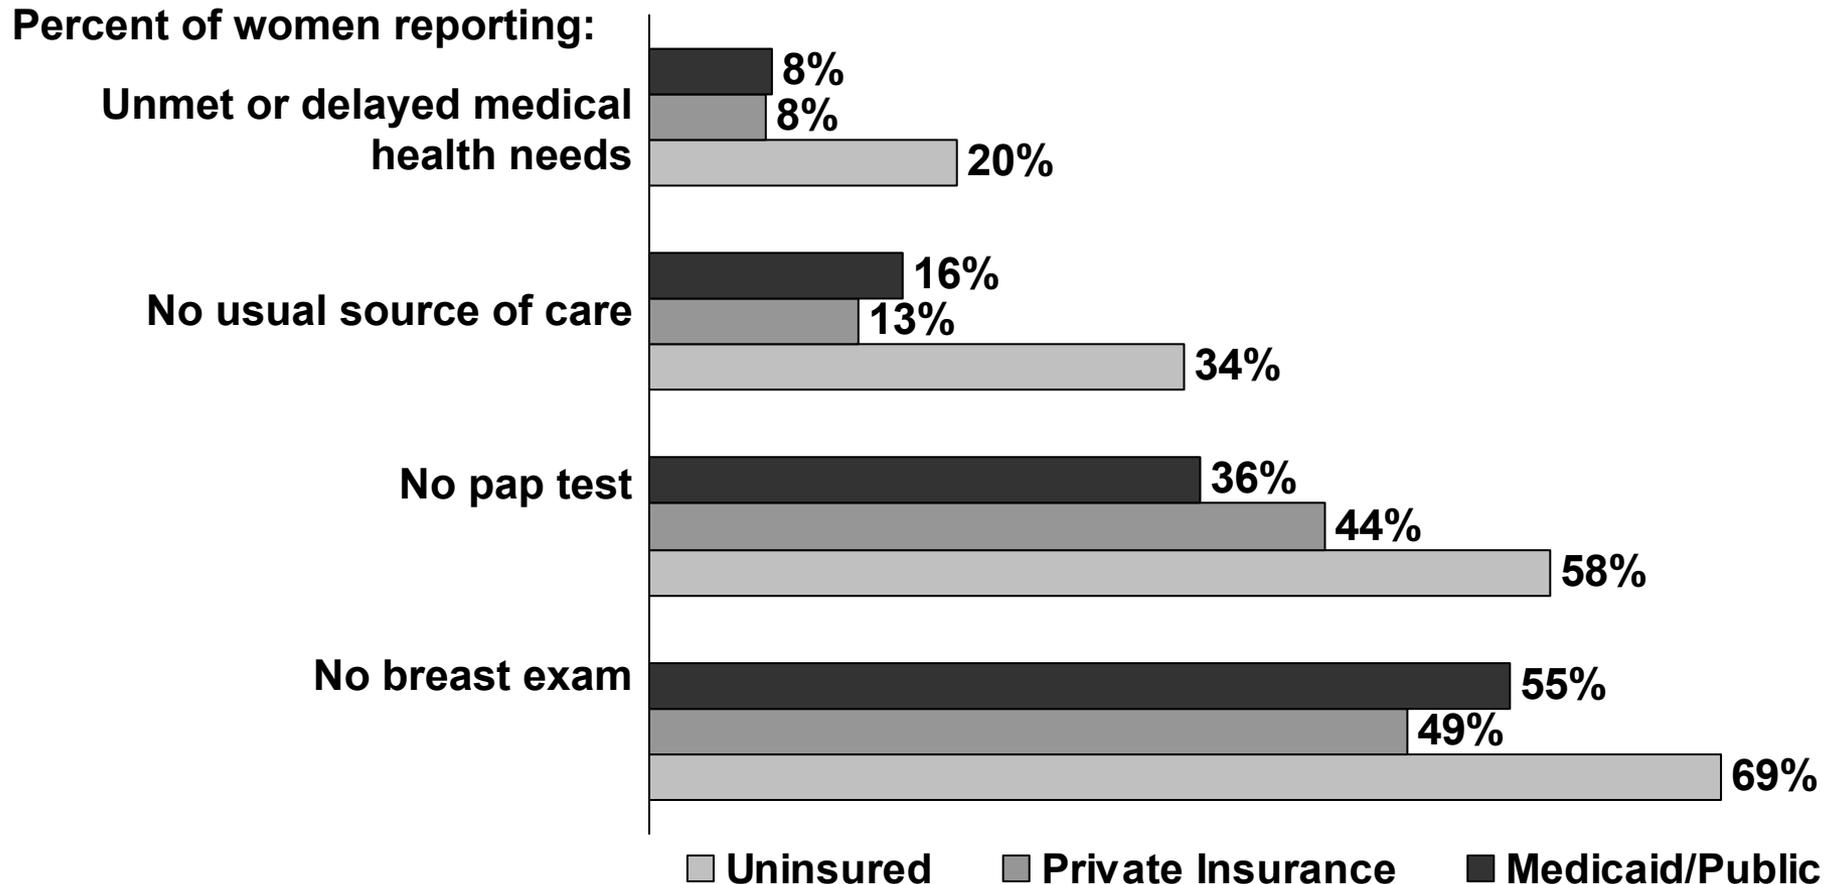

NOTE: Insurance categories do not add to 100% because some people had multiple sources of health insurance coverage.

SOURCE: B. Garret, Urban Institute Analysis of 1999 National Survey of America's Families.

Figure 5

Low-Income Women's Access to Health Care, 1997

Note: Low-Income is defined as <200% of the federal poverty level (\$26,660 for a family of 3 in 1997) and excludes women receiving Supplemental Security Income or Medicare.
