To whom It May Concern:

I purchased last Saturday a bottle of your Xenadrine RFA-1 from GNC store in [REDACTED]. The lot number is 67229, Exp. 12/02. I must advise you that I took two capsules at 9:00 a.m. Sunday morning and I started one hour later with my head having a tingling feeling and my heart racing. This was not a pleasant feeling. By 1:00 p.m. I sat down to try and eat some lunch, hoping this would help. I could not even eat very much. By 1:30 p.m. I was violently vomiting up my breakfast and lunch. For the rest of the day I could not even drink a glass of water without that being thrown up. I did not hold down any food not, toast, gingerale, nothing. My heart was racing on and off. I must say this was the worst feeling I have ever been thru. I did not stop vomiting until 11:15 Sunday night. I did wake up the next morning feeling like my insides had been ripped out of me. I must say I can not believe this is being sold and will be deciding on what I should and who I should contact next on this matter. I would not want to have someone else go through what I experienced. It was a
