Hi Tim,  
Yes I received the fax and will look it over tonight and hopefully get it fedexed out tomorrow.  
As for the Kent State study, my understanding is that we are also awaiting the revised paperwork so that we can sign it and send back with payment.  
On a different topic, have you made any progress with Armstrong on the other study? Anything you can do to salvage things would be a great help.  
Regards,  
Bob

Subject: Xen again

Hi Bob,  
Will do. Expect a fax from me on Monday morning (I will also have Dr. Appicelli send out a hard copy of the changes from Winona State).  
BTW, any word on my Kent project?

Cheers,  
Tim
