

**Committee on Energy and Commerce**  
**U.S. House of Representatives**  
 Witness Disclosure Requirement - "Truth in Testimony"  
 Required by House Rule XI, Clause 2(g)

<b>1. Your Name: Steven Nadel</b>		
<b>2. Are you testifying on behalf of the Federal, or a State or local government entity?</b>	<b>Yes</b>	<b>No X</b>
<b>3. Are you testifying on behalf of an entity that is not a government entity?</b>	<b>Yes X</b>	<b>No</b>
<b>4. Other than yourself, please list which entity or entities you are representing: American Council for an Energy-Efficient Economy</b>		
<b>5. Please list any Federal grants or contracts (including subgrants or subcontracts) that you or the entity you represent have received on or after October 1, 2009: I personally have no such grants or contracts. A list of ACEEE grants and contracts that include October 2009 to the present is attached.</b>		
<b>6. If your answer to the question in item 3 in this form is "yes," please describe your position or representational capacity with the entity or entities you are representing: I am the Executive Director.</b>		
<b>7. If your answer to the question in item 3 is "yes," do any of the entities disclosed in item 4 have parent organizations, subsidiaries, or partnerships that you are not representing in your testimony?</b>	<b>Yes</b>	<b>No X</b>
<b>8. If the answer to the question in item 3 is "yes," please list any Federal grants or contracts (including subgrants or subcontracts) that were received by the entities listed under the question in item 4 on or after October 1, 2009, that exceed 10 percent of the revenue of the entities in the year received, including the source and amount of each grant or contract to be listed: None of these grants or contracts meet this threshold.</b>		
<b>9. Please attach your curriculum vitae to your completed disclosure form. Attached</b>

Date: July 10, 2012

## List of ACEEE Federal Contracts That Include the Oct. 2009-July 2012 Period

Agency	Grant No	Period of Contract Or Date of PO
Environmental Protection Agency	83420901	03/01/09 - 02/28/12
Argonne National Laboratory	Work Order 0I-32402-002A	03/03/11 - 12/31/11
Argonne National Laboratory	Work Order 0I-32402-001A	02/01/10 - 09/30/10
Department of Energy Subcontract	40000029301	01/05/04 - 10/31/11
Department of Energy	EE0003958	8/3/2010
Department of Energy	EE0004986	4/25/2011
Department of Energy	EE0000656	6/22/2009
Department of Energy	EE0005791	5/4/2012
Department of Energy	DE-OE0000557	10/31/2011
Department of Energy	DE-OE0000034	10/31/2009
Department of Energy - Oak Ridge Lab		2011
Environmental Protection Agency		2012
Department of Energy - UT Battelle - VEIC	4200000341	2010-2012
Environmental Protection Agency	EP09H001611	09/27/09 - 09/29/09
Environmental Protection Agency	EP11H000689	2011
Department of Energy - UT Battelle	4000109476	2011-2012
Department of Energy - UT Battelle	4000070280	2008-2010
Department of Energy - UT Battelle	4000091608	2010
Department of Energy - LBNL	6994040	2011-2012

## **STEVEN NADEL**

515 Elm Avenue, Takoma Park, MD 20912, USA

snadel@aceee.org

Work: (202) 507-4000 Home: (301) 270-9041

Citizenship: United States

DOB: Jan. 13, 1957

## **EXPERIENCE**

American Council for an Energy-Efficient Economy, Washington, D.C., 1989 - present. Executive Director (2001-present), Deputy Director (1993-2000), Senior Associate (1989-1992). Manage a non-profit research organization devoted to promoting energy efficiency through research and advocacy. Directed the Buildings/Equipment and Utilities programs for many years. Major activities include:

- Responsible for overall management of the organization including supervising program directors, fund-raising, overseeing administrative systems, and working with the Board of Directors.
- Directed Buildings and Equipment Program for many years including work on appliance and equipment efficiency standards, building codes, and market transformation programs. Led successful effort to incorporate lamp, motor and HVAC standards and luminaire and office equipment labeling in the federal Energy Policy Act of 1992. Led successful efforts to adopt additional efficiency standards on 16 products and to adopt energy efficiency tax incentives in the Energy Policy Act of 2005. Played a similar role with 10 products incorporated into the Energy Independence and Security Act of 2007. Played a leading role in initiating market transformation programs promoting high-efficiency refrigerators, clothes washers, residential and commercial air conditioners, and commercial packaged refrigeration systems. Continue to play a major role on U.S. efficiency standards and market transformation programs.
- Directed Utilities Program for many years and continue to play active role. Led path-breaking studies on lessons learned from utility DSM programs (including residential and commercial lighting programs) and on the achievable potential from these programs. Currently active in the development and implementation of energy savings targets at both the state and national levels and in improving the business case for utility investments in energy efficiency.
- Supervise Industry Program and led or assisted in numerous studies. Co-authored a book for program and policy planners on "Energy-Efficient Motor Systems."
- Lead and assist with projects to promote energy efficiency in developing countries including work in China, Thailand, India, and Egypt. Spent a year in China working on projects to promote utility integrated resource planning (IRP) and demand-side management (DSM) and to improve the efficiency of refrigerators, air conditioners, motors and lighting equipment in China. Co-wrote manual on IRP/DSM for Chinese utilities. Led development of Project Brief and Project Document for an \$8 million GEF grant for the China Green Lights program, participated in project implementation. Led

development of a \$1.5 million UNIDO/UN Foundation project to improve optimization of motor systems in Shanghai and Jiangsu province. Coordinated evaluation of this project. Assisted China National Institute of Standardization to develop priorities for new efficiency standards and labels and assisted them to develop new motor, pump and commercial refrigeration standards. With Chinese colleagues, conducted studies on implementation of appliance and lighting standards in China. Technical lead on project assisting Thai government to develop minimum efficiency standards, labels and incentives for eight products. Led study for World Bank to estimate the energy efficiency potential in India. Assisted the Andra Pradesh State Electricity Board to develop and model a suite of energy-efficiency programs.

- Led or assisted on numerous research projects, leading to over 100 published papers.

New England Power Service Company, Westborough, MA, 1987-89.

Senior Analyst (1988-89). Analyst (1987-88).

Planned and evaluated energy conservation programs for a major electric utility. Supervised research assistants and consultants.

- Responsible for program evaluation and market research for the Company's commercial and industrial (C&I) lighting programs, new construction programs, stand-by generation program, large C&I shared savings program and residential water heater rebate program. Evaluation work included energy savings, cost-benefit and process evaluations. Market research included mail and phone surveys, focus groups and market data analysis.
- Coordinated a collaborative planning process on commercial and industrial programs involving Company employees, the Conservation Law Foundation, and other interested outside parties.

Massachusetts Audubon Society, Lincoln, MA, 1983-87.

Staff Energy Scientist and Energy Priority Coordinator.

Responsible for coordinating energy programs for a statewide environmental organization.

- Coordinated planning for the Energy Transition Priority, one of the Society's three major priorities for the 1980's.
- Directed research projects including projects to: evaluate the fuel savings achieved by the statewide low income Weatherization Assistance Program; estimate the costs and benefits of appliance efficiency standards in Massachusetts; and monitor the performance of innovative solar energy systems.
- Prepared educational materials including a widely distributed series of consumer handbooks. Provided technical training on energy conservation and solar energy issues to community groups. Directed technical training for regional operators of a statewide, residential, energy conservation loan program.
- Participated in public policy forums. Testified on energy issues before the Massachusetts legislature and state regulatory bodies. Member of official state boards dealing with the energy sections of the Massachusetts building code, the Residential Conservation Service, and urea-formaldehyde foam insulation.

- Wrote and administered grants.

Independent Consultant, New Haven, CT, 1982-1983.

Responsible for coordinating projects for several clients with an emphasis on energy conservation in multi-family housing.

- Evaluated the Hartford Heating Plant Efficiency Loan Program -- a program for improving heating systems in multifamily housing.
- Coordinated and authored an analysis on the impact of energy prices on housing abandonment and condominium conversion in Hartford, CT.

Home Maintenance Corporation, New Haven, CT, 1979-1981.

Energy Coordinator.

Responsible for energy conservation, alternative energy, energy planning and energy instruction programs for a non-profit community group working in the Upper Hill, New Haven's poorest neighborhood.

- Developed a "one stop shop" energy conservation program. Set up energy audit and financial counseling procedures, and trained and supervised workers in them.
- Helped develop and implement procedures for integrating energy conservation work into the organization's housing rehabilitation activities.

Congressman Morris Udall, Washington, D.C. Summer, 1975.

Intern.

Researched and wrote on land use issues.

## **EDUCATION**

M.S. in Energy Management, New York Institute of Technology, Dec., 1985. Program combined engineering, energy management and business administration classes. Thesis on low income weatherization programs.

M.A. in Environmental Studies, Wesleyan University, Jan., 1980. Thesis on energy use, conservation and supply in urban areas.

B.A. in Government, magna cum laude, Wesleyan University, May, 1979.

Energy Engineering, Rensselaer Polytechnic Institute. Graduate course work in energy conversion systems, thermodynamics and heating, ventilating and air conditioning analysis.

## **PROFESSIONAL AFFILIATIONS**

American Society of Heating, Refrigeration and Air Conditioning Engineers - member of SSPC 90.1 for many years (Energy-Efficient Design of New Commercial Buildings).

Northeast Energy Efficiency Partnerships - member Board of Directors, Finance and Program Committees.

New Buildings Institute - member Board of Directors and Treasurer.

Top Ten USA – member Board of Directors

Gas Technology Institute – member of Public Interest Advisory Committee.

Institute for Electric Efficiency – member of Advisory Board.

Electric Power Research Institute – member of Energy Efficiency Advisory Board.
