Subject: additional CLASS Act materials

Connie got back to me, and decided she does not think she needs additional work on the actuarial side, but in any case, here is another document, let me know what you think, since we probably need to generate a response to the Fortune article, link is here, I think the article is based off of the old CLASS Act version:

http://mutualfundsmag.us/2009/09/03/news/economy/health_care_class_act.fortune/index.htm?postversion=2009090310

Thanks Richard,
Meena
