Fossil Energy R&D	727	740	562	-178	-24%
ARPA-E	353	366	-287	-653	-100%
Credit Programs	29	24	-169	-193	-100%

Source: FY2018 Enacted and FY2019 Enacted from the Joint Explanatory Statement accompanying H.Rept. 115-929 (Conference report) for P.L. 115-244. FY2020 Request from DOE, *FY2020 Congressional Budget Request: Budget in Brief* (March 2018).

Notes: The requested change in dollars may not equal the difference between the FY2020 Request and the FY2019 Enacted due to rounding. "NNSA" refers to the National Nuclear Security Administration. "Environmental Management" refers to the Office of Environmental Management. "Science" refers to the Office of Science. "Energy Programs" refers to the Offices of EERE, NE, OE, and CESER, and FE, which includes Fossil Energy R&D. "ARPA-E" refers to the Advanced Research Projects Agency-Energy. "Credit Programs" refers collectively to the Title XVII Innovative Technology Loan Guarantee Program, ATVM Loan Program, and the Tribal Energy Loan Guarantee Program. The request includes the elimination of unobligated balances and cancellation of credit subsidies for these loan programs.
