Thanks for the heads up Greg.

Yeah, I know. I have had that issue on my mind all wknd.
I'm going to respond to it when I'm in the office tomorrow.

My notes for part of my response are at the office.

Donovan

Good afternoon Donovan,

This lends additional urgency to your review of vehicles in on road vehicle vehicle collisions.

Also, Kathy asked about an item she had e mailed you last week.

Thanks

Greg

Sorry I missed the panel meeting Thursday. I have reviewed the handout and the one that most caught my eye was IE07 080, which involves airbag nondeployment in the Ion and Cobalt. Given the reports of fatal crashes, this looks like one we want to jump on and learn as much as we can quickly. Thanks.
